

## M.Sc. Thesis Proposals – Remarks

**Date: 17/09/2017**

Sl. No.	Roll	Thesis Title (Tentative)	Remarks		Others
1.	1604103001	Software development emulation for embedded systems	Proposal (Specific Problem)	Given	Comments: Minor typos exist, references not according to IEEE style, thesis work contributions in the field(if there is any) need further elaboration
			Page Number	Yes	
			Signature(Sup +Student at each page)	No	
			References (Same Format)	No	
			Grade (Last Two Semesters)	N/A	
			Budget	15000	
			Cite Inside the Text	Yes	
			Number of References	11	
			Most Recent Reference Year	2014	
2.	1604103009	Estimation of embedded system behaviour using full-system software emulation	Proposal (Specific Problem)	Given	Comments: Minor typos exist, references not according to IEEE style. The proposal wants to improve the limitations of reference number 5, however what are those limitations they were not discussed.
			Page Number	Yes	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	No	
			Grade (Last Two Semesters)	N/A	

			Budget	15000	
			Cite Inside the Text	Yes	
			Number of References	08	
			Most Recent Reference Year	2014	

Sl. No.	Roll	Thesis Title (Tentative)	Remarks		Others
3.	1604103013	The role of internet of things (IoT) in a smart city connected community	Proposal (Specific Problem)	Given	Comments: Minor typos exist, too few paragraphs were used which makes difficult to focus on the key points, references not according to IEEE style, what does "High Speed" stand for in the experimental design figure? Thesis work contributions in the field could have been highlighted in a more legible way.
			Page Number	Yes	
			Signature(Sup +Student at each page)	No	
			References (Same Format)	No	
			Grade (Last Two Semesters)	N/A	
			Budget	25000	
			Cite Inside the Text	Yes	
			Number of References	10	
			Most Recent Reference Year	2017	
4.	1604103006	Privacy preserving data mining	Proposal (Specific Problem)	Given	Comments: too few paragraphs

			Page Number	Yes	were used which makes difficult to focus on the key points.
			Signature(Sup +Student at each page)	No	
			References (Same Format)	Yes	
			Grade (Last Two Semesters)	N/A

			Cite Inside the Text	Yes	
			Number of References	10	
			Most Recent Reference Year	2014	

Sl. No.	Roll	Thesis Title (Tentative)	Remarks		Others
1.	1604103007	An efficient multi-objective evolutionary fuzzy system	Proposal (Specific Problem)	Given	Correction Required
			Page Number	Yes	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	Yes	
			Grade (Last Two Semesters)	N/A	
			Budget	32000	
			Cite Inside the Text	Yes	
			Number of References	11	
			Most Recent Reference Year	2011	
2.	1604103010	Analysis and prediction of student academic performance using data mining technique	Proposal (Specific Problem)	Given	Correction Required
			Page Number	Yes	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	No	
			Grade (Last Two Semesters)	N/A	
			Budget	20000	
			Cite Inside the Text	Yes	
			Number of	06	

			References		
			Most Recent Reference Year	2012	

Some Suggestions:

1. It is requested to make the budget in BDT 17000.
2. All the references should be in same format. (i.e, if a reference contains page no., month, year etc. all other references should contain the same and in same order, some references should be in the range of last five years)
3. It is better to list at least 5 references.

Sl. No.	Roll	Thesis Title (Tentative)	Remarks		Others
3.	1604103011	Sentiment analysis for product rating through web mining	Proposal (Specific Problem)	Given	Correction Required
			Page Number	Yes	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	No	
			Grade (Last Two Semesters)	N/A	
			Budget	25000	
			Cite Inside the Text	No

4.	1504103012	Hand gesture recognition in depth images	Proposal (Specific Problem)	Given	Correction Required
			Page Number	No	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	Yes	
			Grade (Last Two Semesters)	Yes	
			Budget	17000	
			Cite Inside the Text	Yes	

			Number of References	11	
			Most Recent Reference Year	2016	

Some Suggestions:

1. It is requested to make the budget n BDT 17000.
2. All the references should be in same format. (i.e, if a reference contains page no., month, year etc. all other references should contain the same and in same order, some references should be in the range of last five years)
3. It is better to list at least 5 references.

Sl. No.	Roll	Thesis Title (Tentative)	Remarks		Others
5.	1504103004	Early detection and prediction of lung cancer using image processing	Proposal (Specific Problem)	Given	Correction Required. Citation in each page need to be rewritten to match one of the popular format i.e., IEEE. Correct citation format for multiple authors. Sign on each page by the student and supervisor is required.
			Page Number	Yes	
			Signature(Sup +Student at each page)	No	
			References (Same Format)	No	
			Grade (Last Two Semesters)	Only 1st semester grade is provided	
			Budget	17,000/-	
			Cite Inside the Text	Yes, but incorrect format for multiple authors	
			Number of References	15	
			Most Recent Reference Year	2015	
6.	1604203001 (PhD Student)	Eye-State image analysis approach to drowsiness or sleepiness detection for driving alert system	Proposal (Specific Problem)	Given	Correction Required. The bibliography list need to be similar for each item.
			Page Number	Yes	
			Signature(Sup +Student at each page)	Yes	
			References (Same Format)	No	
			Grade (Last Two Semesters)	Not given.	
			Budget	37,000/-	
			Cite Inside the Text	Yes	
			Number of References	11	
			Most Recent Reference Year	2015
